PLANNING GUIDE

Planning Your *Photo Campaign*

A nine-step framework, from discovery brief to final edit.

PAUL PACEY

“

A good plan makes room for the moments *you can’t plan for.*

We plan every detail so that, on the day, the camera can follow what’s real.

READY.

01

We align on goals, scope and price

It starts with listening, before anything is planned.

- **Discovery brief:** your school, in your words
- **Website audit:** how closely your site reflects it
- **Discovery report:** what we heard, and where to focus
- A clear scope, goals and price

READY.

02

We lock in the dates and make it official

Once we agree on the plan, we commit to it together.

- Dates agreed around your calendar and my availability
- Contract signed
- 50% deposit paid on signing

SET.

03

I design your shot list

Your goals, turned into real moments we can photograph.

- A tailor-made shot list, with a time-tested activity for every shot
- Options for every age group
- Ready-to-send templates for teacher communications
- A scheduling template to keep it simple

SET.

04

Your teachers tell us what's already happening

The best activities are often the ones already planned.

- The school shares the activity list with teachers
- Teachers flag what's already in their plans
- About one week for first responses

SET.

05

We find the gaps and close them

Every goal and every age group, covered.

- We cross-reference what we have against your goals
- We invite select teachers to fill any gaps
- About one week

SET.

06

We finalize the schedule and prepare the school

Everyone knows what's happening, and when.

- Final schedule confirmed with every teacher
- A reassuring, informative email to parents
- The non-media student list checked and up to date

SHINE.

07

We shoot, and stay flexible

The plan puts us in the right place. Then we follow what's real.

- One to three days on location (two is typical)
- Room to seize unplanned opportunities
- A school liaison: guide, second set of eyes and safeguarding support
- Help with logistics and non-media students

SHINE.

08

I deliver your final edit

~300
PER TWO-DAY SHOOT

72h
OR AS AGREED

2 yrs
OF CAMPAIGN ASSETS

- A final edit sized to your shoot
- My top images flagged for you
- Enough assets to meet your media needs for two years

SHINE.

09

We look back together

A campaign isn't finished at delivery.

- A follow-up call to assess the campaign's success
- What worked, and what we'd refine next time
- Your honest feedback

AT A GLANCE

Nine steps, three phases, one shared plan

Ready.

01 Align goals, scope, price

02 Lock dates, sign

Set.

03 Design the shot list

04 Teachers respond

05 Close the gaps

06 Finalize and prepare

Shine.

07 Shoot, stay flexible

08 Deliver the edit

09 Look back together

Thank you for *your trust.*
